## **NOW-NYC Celebrates Hillary Clinton's Win on Super Tuesday**

New York, NY –Leading in the delegate count after Super Tuesday's primaries, Hillary Clinton has demonstrated her electability and is the best candidate to challenge Sen. John McCain in the November presidential race.

"Hillary Clinton has energized voters by presenting a strong new vision for America and a new direction for our country. The winning turnout at the polls from California to New York for Hillary Clinton show her electability," said Sonia Ossorio, President of the National Organization for Women in New York City.

"The NOW PAC endorsed Hillary Clinton because we believe she is the best candidate with the most experience. With 35 years of experience as a leader, she can turn this country around," Ossorio said.

The NOW PAC has based its endorsement on Senator Clinton's long record of public service, international experience and voting record as a champion of women's rights and reproductive rights. Since her time in the White House, Senator Clinton has been a proponent of universal health care. The plan she has set forth in her current campaign is the only one that creates truly universal coverage for the millions of uninsured American women, men and children. In the Senate, Senator Clinton has stood strong for reproductive rights, written legislation to expand contraceptive access, helped to win approval of emergency contraception, and sponsored equal pay legislation. NOW-NYC believes that that Hillary Clinton is the right choice and will be a strong president who will secure women's reproductive freedom, implement universal healthcare, build economic justice and advance women's equality.

The National Organization for Women is the nation's largest organization working to advance women's rights and improve women's lives. The New York City Chapter of NOW, founded in 1966, is the largest chapter in the country with 7,000 members locally and 35,000 statewide. NOW-NYC works to protect women's reproductive choices, end violence against women and eliminate sex discrimination in our schools, workplaces, and the justice system in New York.
