

**Party on, Wade:
A *Roe v. Wade*
Anniversary Extravaganza**

Hosted by Feministing.com

On January 22nd, *Roe v. Wade* is celebrating its
35th Anniversary.

And Feministing wants to party.

After all the panels, conferences, and meetings around this historic day, why not celebrate with some cocktails and great company? This is also an opportunity for us to recognize the fantastic work that's being done on the front of the reproductive health, justice and rights movements. We want this night to be about *Roe*, but we also want it to be about a wholistic vision of reproductive health and justice.
